Section 1

This is sentance with **bold** and *italics* and code in it.

- 1. Numbered lists look like this
- 2. Numbered lists look like this

Subsection 1.1

- Bullet lists look like this
- Bullet lists look like this

```
Question: What is \int x dx?
```

- **A**. $\frac{x^2}{2}$ **B**. foo
- \mathbf{C} . bar

Answer: A. Solution:

- A: Right. This is how integrals work
- **B**: Wrong.
- C: Wrong.

Some code here

```
for i in range(10):
print(i)
```

Some equation here

$$e^{i\pi} + 1 = 0 \tag{1}$$

Some figure here
